### Friday, December 8th, 2017

**13:00 - 13:10**

*Introduction (Ondrej Viklicky, Georg Böhmig)*

**13:10 - 14:55**

- *Virtual global transplantation laboratory (Birgit Sawitzki, Berlin)*
- *Treatment of chronic rejection (Georg Böhmig, Vienna)*
- *Immunosuppression in 2018 (Lionel Rostaing, Grenoble)*
- *Accommodation in kidney transplantation (Ondrej Viklicky, Prague)*

**14:55 - 15:20**

*Coffee Break*

### Saturday, December 9th, 2017

#### Glomerular diseases/vasculitis

**8:30 - 10:10**

- *Metabolomics and proteomics in IgA nephropathy (Dita Maixnerova, Prague)*
- *New therapeutic possibilities in glomerulonephritis (Kathrin Eller, Graz)*
- *Outcome of ANCA vasculitis (Zdenka Hruskova, Prague)*
- *Outcome of patients with concomitant positivity of ANCA and anti-GBM antibodies (Vladimir Tesar, Prague)*

**10:10 - 10:30**

*Coffee Break*

#### Chronic kidney disease

**10:30 - 12:35**

- *Genetics: From rare to common kidney diseases (Olivier Devuyst, Zurich)*
- *FSGS recurrence (Michael Rudnicki, Innsbruck)*
- *EPS - does the horror disappear? (Stefan Segerer, Zurich)*
- *Inflammation in CKD – are we on the brink to decipher it? (Danilo Fliser, Homburg/Saar)*
- *Dialysis treatment time (vs frequency) (Dominik Uehlinger, Bern)*

**12:35 - 14:00**

*Lunch*

**14:00 - 15:40**

- *Collaborative transplant study (Caner Süsal, Heidelberg)*
- *Tumors after kidney transplantation (Zuzana Zilinska, Bratislava)*
- *Rejection registry (Uwe Heemann, Munich)*
- *Diabetic nephropathy: registry data (Ivan Rychlik, Prague)*

**15:40 - 16:00**

*Coffee Break*

#### Kidney transplantation II

**16:00 - 17:40**

- *A role of diet in kidney transplantation (Jernej Pajek, Ljubljana)*
- *Torque Teno virus - immune monitoring in kidney transplantation? (Gregor Bond, Vienna)*
- *Urine protein and complement in antibody mediated rejection (Miha Arnol, Ljubljana)*
- *Complement inhibition in ABMR - experimental and clinical data (Farsad Eskandary, Vienna)*

**17:40**

*Conclusion and Adjourn (Ondrej Viklicky, Georg Böhmig)*

---

*Lecture 20 min + 5 min discussion*
